imagine the possibilities  
for your company

# who we are

The Workforce Development Center at Bunker Hill Community College solves your business needs using both the comprehensive resources of the College and an extensive network of partners. WDC has a proven track record of creating custom training programs that develop your workers' skills and directly impact the bottom line. Since its inception WDC has trained at least 12,000 employees for more than 120 Greater Boston companies, from start-ups and small businesses to Fortune 500 corporations.

Just-A-Start Corporation has been partnering with the Workforce Development Center at Bunker Hill Community College in offering the innovative Cambridge Biomedical Careers Program for more than 19 years. Together, we're making a difference by providing skilled workers for the growing biotech industry.
